Product Description

Turf Tracer E-Series Features

New Electric Clutch: Proven to be among the most durable and reliable in the business, Exmark's superior electric clutch technology allows for easier and faster belt servicing.

Forget Flats: Standard 9" x 3.5-4" smooth-tread, semi-pneumatic front caster tires virtually eliminate tire repair.

Hour Meter Comes Standard: Improve maintenance records and track service intervals for longer life.

Patented Enhanced Control System (ECS): Recent university tests showed landscape professionals prefer our control system to all others on the market.

Floating Deck: Full-floating UltraCut™ deck. Side discharge standard, with molded discharge chute and option to bag or mulch.

Speed: 6.2 mph

Fuel Capacity: 5 gallon

Cutting Height Range: 1.5" - 4.5"

Coverage In Acres: 1-3

Acres Per Hour: 1.8
